# The F1 Paddock Club Experience

The Paddock Club is the world's finest sports hospitality and will be an unforgettable weekend watching the world's most exciting sport in exclusive and elegant surroundings. With world class cuisine, fine wines and exceptional service, you don't have to finish on the podium to taste the champagne!

The personalized service of the Formula One Paddock Club makes you feel part of the excitement and glamour of Formula One. Before and after the action, unwind with a holistic massage or simply relax with another flute of Mumm champagne.

The Paddock Club experience includes an exclusive pit lane walk. Whether it's technology or glamour that excites you – you'll see it all in the pits!

A walk along the pit lane offers Formula One Paddock Club guests the chance to mingle with all the famous faces of Formula One and see for themselves what goes on behind the scenes in a Grand Prix garage. This is where the driver and his team make their final preparations for the race. You may even see one of the teams practice their pit-stop routine. No television coverage can compare with this exceptional, almost surreal experience.

Multi-screen coverage of all the action on the track includes the live timing screens used by the teams on their pit wall and of course, the magnificent views of the circuit. As a guest at the Paddock Club, you may witness one of the live interviews with the drivers that take place after qualifying or just before the race itself. You will hear them talking about their tactics for the race or the way their car has been set up for the conditions. All close-up and personal.
